Notice of Non-Responsive Reply

The timely submission under 37 CFR 1.129(a) filed on April 08, 2003 is not fully responsive to the prior Office action because first Applicant must only elect one Group from the Invention, even though, applicant may argue the restriction requirement. Further, Applicant has not clearly defined the species as required in page 5 of the Requirement. Accordingly, even though identification of the compound of choice is noted, Applicant must still clearly define the corresponding species in their named compound. Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a). If a notice of appeal and the fee set forth in 37 CFR 1.17(e) were filed prior to or with the payment of the fee set forth in 37 CFR 1.17(r), the payment of the fee set forth in 37 CFR 1.17(r) by applicant is construed as a request to dismiss the appeal and to continue prosecution under 37 CFR 1.129(a). The appeal stands dismissed.
